## Touch | Keypad Quick-Milk NMS

Coffee, Hot Water and Milk  
Touch Screen or Keypad user interface

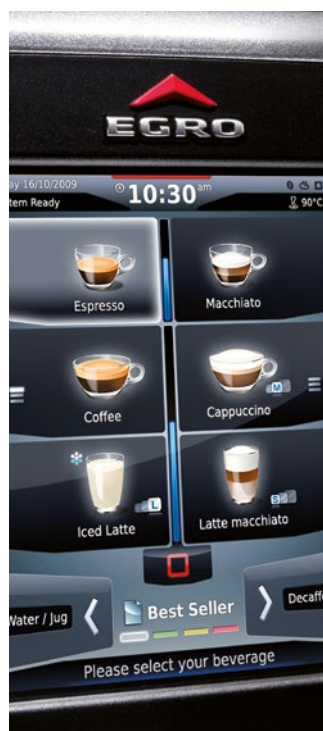

**NEW  
MILK  
SYSTEM**

*Modern  
Simplicity*

*The Egro ONE Quick-Milk NMS is the perfect solution for locations that sell medium volumes of espresso drinks and don't want to give up quality and practice.*

24h recommended daily output*	1h maximum hourly output
<b>200</b> cups	<b>250</b> espressos
	<b>180</b> caffè lungo
	<b>160</b> cappuccinos
	<b>120</b> latte macchiato

**Two main versions:**

**ONE Touch**  
with a large 5.7" touch display

**ONE Keypad**  
with a traditional keypad.

**The ONE Touch has an advanced user interface with a 5.7" touchscreen graphic display in full colour.**

The easy-to use user interface guides the barista through the choice of products. The multi-colored page system enables the barista to choose from 48 products, each one with its own attractive user-friendly icon. Restricted access technical menus offer the machine administrator a wide range of additional functions, such as precisely defining the ingredients of each individual drink, creating new drinks, checking machine consumption, running diagnostic checks and regularly cleaning the machine with step-by-step procedures shown on the display.

**POWDER MODULE.** The Powder Module allows for the management of a great number of beverages in powder form. It is an external device positioned on the right hand side of the machine and consists of two hoppers that may either be used with one powder or may operate sepa-

rately with different aromatized, spiced, caramelized, chocolate-based and milk powders. An alternative high-performing solution that is well suited to all those venues wishing to offer their customers an increasingly varied and exhaustive choice of beverages.

(\*) average value that guarantees the best ownership cost of the coffee machine

● Included ○ Optional – Not available

(\*) from 41 F to 158 F (5°C to 70 °C) / 16.9 oz (500 ml)

### OPTIONAL - TECHNICAL DATA

#### CUP WARMER

Dimensions (W-D-H)	Voltage - Frequency	Power	Weight
11.81×17.8×22.8 in 300×455×580 mm	230 V - 50/60 Hz	0.42Kw	30.13 lb 14 Kg

#### POWDER MODULE

Dimensions (W-D-H)	Voltage - Frequency	Power	Weight
6.3×18.5×30.31 in 160×470×770 mm	230 V - 50/60 Hz 120V - 60 Hz	0.10 Kw	28.10 lb 13 Kg

#### COOL BOX 6.5

Dimensions (W-D-H)	Voltage - Frequency	Power	Weight
11.2×14.2×17.3 in 284×361×440 mm	230 V - 50/60 Hz	0.10 Kw	15.7 lb 7 Kg

#### QUICK-MILK FRIDGE

Dimensions (W-D-H)	Voltage - Frequency	Power	Weight
9×18.1×13.5 in 230×460×340 mm	230 V - 50/60 Hz 120V - 60 Hz	0.10 Kw	30.13 lb 14 Kg

**NEW MILK SYSTEM.** The consistency of milk-based beverages can be regulated by software, becoming a parameter easy to set up and program by the technician. The new dispensing spout, consisting of a single component that is easy to remove and take apart into two pieces, ensures perfect hygiene.

**QUICK-MILK FRIDGE.** A real refrigerating unit with smaller dimensions and with great aesthetics impact. Its housing is made from lightweight yet hardwearing materials; the stainless steel door has a brushed finish and its storage capacity is equivalent to 4 liters, making the Quick Milk Fridge the most satisfactory solution for storing and dispensing milk in an extremely practical manner.

**COOL BOX 6.5** is a practical and quality solution for storing and dispensing milk. The modern door handle improves the ergonomics of the product. Equipped with an internal light, Cool Box 6.5 guarantees an excellent visibility to the user.

**DURA-BREW.** The international spirit of Egro ONE is underscored by the enhanced brewing group in stainless steel 18 grams, created for the specific purpose of enabling the preparation of coffee beverages in perfect American and North European style. The brewing unit boasts a revolutionary patented hermetic closing system, which requires less maintenance and reduces the overall running costs of the machine.
